Moonlight White

5181-10

Boomerang's signature colour, Moonlight White is the ideal shade to create a warm atmosphere and enhance a bright decor with natural elements.

On walls or ceilings, this warm white can be used as the main colour in any room in the house. It is also a great addition to brighten up the colours of our Pastel Colour Chart and create a sweet world where it's nice to have tea while rocking your baby.

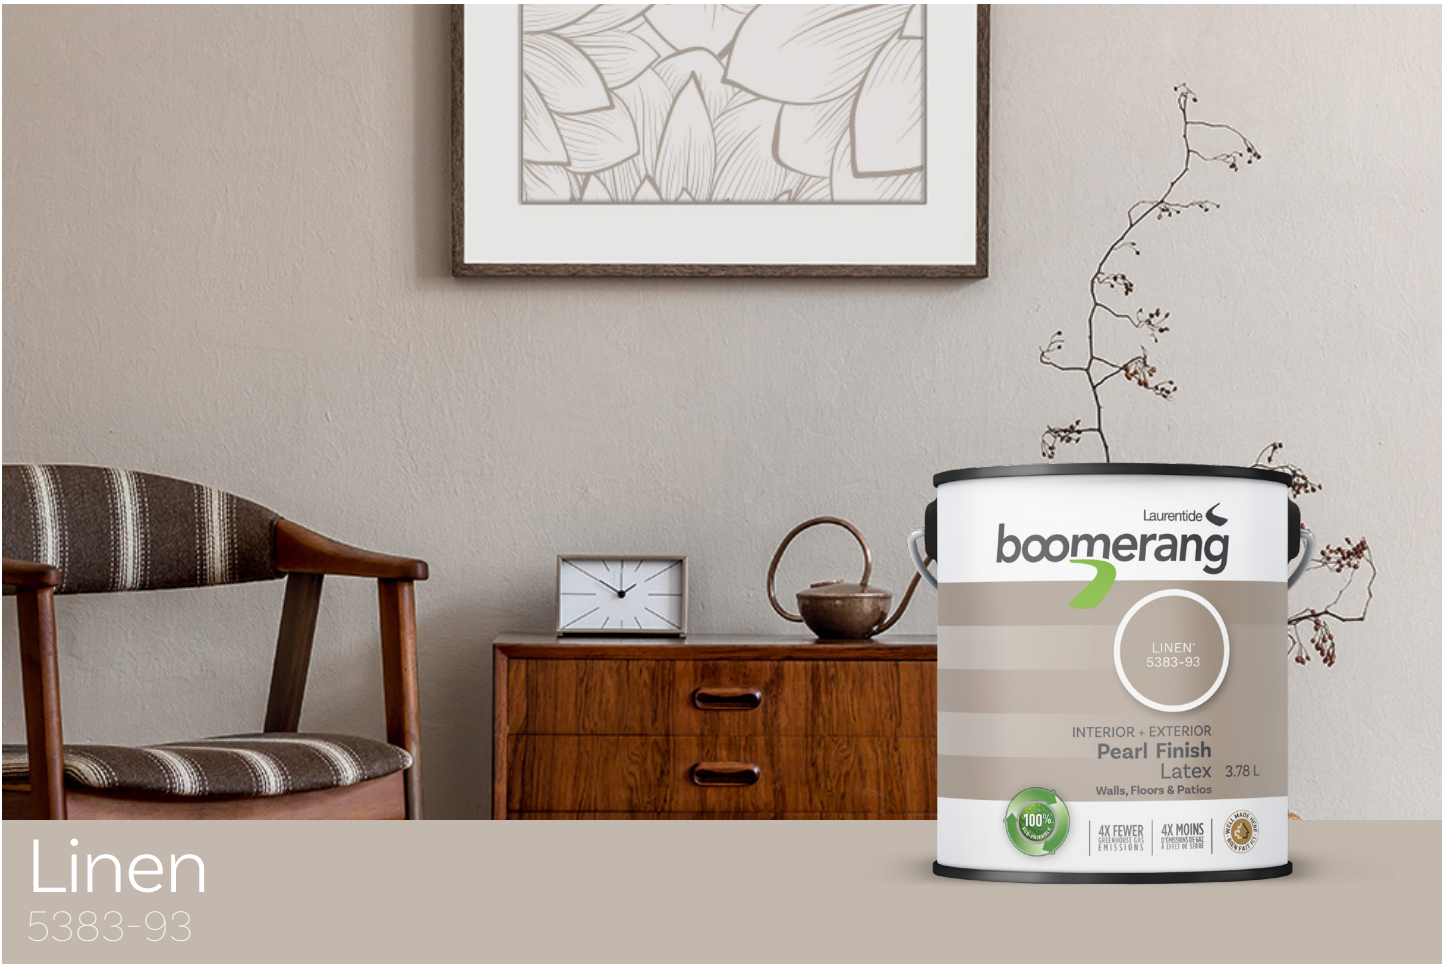

Cotton

5181-15

Without question, our beige colour Cotton is as comfortable as its name. Soft and soothing, it's the perfect colour to create a restful, enveloping atmosphere.

Perfect for monochromatic decors, it highlights fine and natural materials. Cotton gives a sleek look to decors that feature a variety of finishes and textures, drawing attention to decorative objects with character.

Linen
5383-93

Synonymous with well-being, the colour Linen creates a pleasant atmosphere and a natural effect that stimulates relaxation and calms restless minds. Relaxing and soothing, this colour invites us to breathe.

Combined with intimate lighting, Linen becomes a bedroom essential and creates a relaxing space to end your day. It is a perfect match for wooden furniture and beautiful throws.

Linen is one of our pearl finish colours that can be used in rooms which require cleaning on a more regular basis such as the bathroom. For exterior use, Linen is the perfect colour to give your home's wood siding a youthful shine.

White Clay
5183-05

With the addition of a hint of grey, White Clay is the perfect white to use as the main colour to give spaces a fresh, bright effect.

A versatile colour, this soft, bright white is ideal for the home or office. It pairs naturally with any of the colours in our Grey Colour Chart to create unique and individual designs. A popular transitional colour, it unifies the decor in an elegant way.

Pearly Grey

5183-70

The light green shade of our Pearly Grey is perfect for creating a fresh, elegant look that gives your recycled natural wood furnishings a modern, urban feel.

Grey is perfect for rooms with less natural light, this cold grey has the effect of brightening up white kitchen cabinets and works well with your antique-finished appliances.

Stone Grey

5383-91

Stone Grey has long been one of the favourite colours in the bedroom for its classic, cosy effect. In your living room, it's a subtle match for any style of couch.

It's the colour of choice for an accent wall, adding a sophisticated touch without overpowering.

Stone Grey is one of our pearl finish colours that can be used in rooms which require cleaning on a more regular basis such as the bathroom. For exterior use, Stone Grey is the perfect colour to give your home's wood siding a youthful shine.
